

The Pleasant Board of Trustees instituted on March 8, 2023 a 6-month moratorium on the receipt, processing, and issuance of approvals of any applications or permits for small solar facilities as that term is defined in Sub. H.B. No 501 (effective April 6, 2023), to allow time for the Board, Staff, and legal counsel to review, evaluate, revise, and implement certain textual revisions to the Pleasant Township Zoning Resolution to ensure adequate regulation of such facilities in the interest of public health, safety and general welfare.

The moratorium was effective on March 8, 2023.
